Important Note: The fee for the 2009 Philmont trip was \$1032. For 2010, due to the uncertainty associated with the commercial airline business and fuel costs, it is difficult to quote the exact total fee at this time. In our estimation this 2010 fee could vary anywhere from \$1100 up to \$1300. Our best estimate of the fee at this time is \$1250 per person. We will keep the crew advisors apprised as these final costs are determined.

The Council reserves the right to cancel reservations from the expedition in case the expedition does not have sufficient youth or leaders registered. Fees are subject to change pending final cost of transportation and other unforeseen circumstances.
